Convenient, high quality hair and body wash product

- Premium quality formulations
- Practical and economical dispensing system

ALL-IN-1 SYSTEM

**One Product
One System
For Multi Uses**

ECO·BATH

From Calfarme comes ECOBATH ALL-IN-ONE System, an innovative product to provide your guests, customers and family members with a convenient, high quality hair and body bathing system.

ECOBATH ALL-IN-ONE System — one product, one system, multi uses. The result of almost a decade of research and development work, ECOBATH represents a breakthrough in formulation technology. At last, it is now possible to have just one highly functional product to cover all hair and body cleansing needs.

The ECOBATH dispenser is a robust, reliable and easy-to-install equipment. Built to last and designed for trouble-free maintenance, it has a universally accepted appeal and would complement modern bathroom environments.

The use of ECOBATH dispensers in shower and washbasin areas adds up to a complete hand and skin washing facility that is neat, convenient, hygienic and allows no wastage.

MODEL NO: CSO-600

MODEL NO: SDW-950E

ECO·BATH

ECOBATH is a premium shower creme, hair shampoo and lotion soap formulation designed to cater to the high standards of discriminating users. ECOBATH's multipurpose character appeals to managers and housekeepers everywhere. The product's versatility cuts down the number of soaps required for purchasing and stocking, thus saving costs.

ECO·BATH

ECOBATH is excellent as a shower creme. ECOBATH contains special deodorants and moisturisers and produces rich creamy lather that cleans and refreshes the entire body. ECOBATH also rinses off easily, without leaving a greasy feeling.

ECOBATH can be used as a hair shampoo. Extra mild and with a built-in conditioner, ECOBATH cleans and conditions the hair, leaving hair softer, shinier and manageable.

To apply, wet hair and lather well with a small amount of ECOBATH. Rinse and repeat if desired.

ECOBATH is a gentle lotion soap for general washroom use, like hand washing. It is also excellent as a face cleanser. ECOBATH has a generous combination of moisturizing and protective emollients. Thus, frequent washing for hygiene purposes is possible without drying the skin.

ECOBATH comes in three variant fragrances:

Pearl Creme

A classic scent with an airy invigorating quality.

Green Herbal

A mildly medicated formulation that comes with the refreshing scent of fragrant plants.

Pink Floral

An enchanting blend of sensual floral notes.

Apple

A refreshing combination of apple and light garden fragrances.
